

## Project Planning Phase

### Project Planning Template (Product Backlog, Sprint Planning, Stories, Story points)

|               |   |
|---------------|---|
| Date          | 18 October 2022   |
| Team ID       | PNT2022TMID31229  |
| Project Name  | Project – Statistical Machine Learning techniques to liver disease prediction |
| Maximum Marks | 8 Marks   |

#### Product Backlog, Sprint Schedule, and Estimation (4 Marks)

Use the below template to create product backlog and sprint schedule

| Sprint   | Functional Requirement (Epic) | User Story Number | User Story / Task  | Story Points | Priority | Team Members |
|----------|-------------------------------|-------------------|--|--------------|----------|--------------|
| Sprint-1 | Login                         | USN-1             | As a user, I can login for the application by entering my mail           | 1            | High     | Sindhuja DS  |
| Sprint-1 |                               | USN-2             | As a user, I will login and get confirmation mail once I have registered | 2            | High     | Sindhuja DS  |
| Sprint-2 |                               | USN-3             | As a user, I can login for the application through mobile number         | 2            | Medium   | Nivetha V    |
| Sprint-3 | Dashboard                     | USN-4             | As a user, I need to enter my details                                    | 1            | High     | Nivetha V    |
| Sprint-3 | Dashboard                     | USN-5             | As a user, I need to provide my Test Details                             | 2            | High     | Sindhuja DS  |
| Sprint-3 | services                      | USN-6             | As a admin I need to provide valid result                                | 3            | High     | Abhina J     |
| Sprint-3 |                               | USN-7             | As a admin I need to provide valid /useful suggestions                   | 6            | Medium   | Elavarasi E  |
| Sprint-4 | Data Process                  | USN-8             | As a admin need to collect all the details and information.              | 2            | High     | Elavarasi E  |
| Sprint-4 |                               | USN-9             | As a admin I need to store all the details and information               | 3            | High     | Nivetha V    |
| Sprint-4 | Login                         | USN-10            | As a admin I need to login and access details of customers               | 5            | High     | Sindhuja DS  |

| Sprint   | Functional Requirement (Epic) | User Story Number | User Story / Task                                       | Story Points | Priority | Team Members |
|----------|-------------------------------|-------------------|---|--------------|----------|--------------|
| Sprint-4 | Dashboard                     | USN-11            | As a admin I need to proceed the details with case head | 12           | High     | Abhina J     |
|          |                               |                   |   |              |          |              |

#### Project Tracker, Velocity & Burndown Chart: (4 Marks)

| Sprint   | Total Story Points | Duration | Sprint Start Date | Sprint End Date (Planned) | Story Points Completed (as on Planned End Date) | Sprint Release Date (Actual) |
|----------|--------------------|----------|-------------------|---------------------------|---|------------------------------|
| Sprint-1 | 20                 | 6 Days   | 24 Oct 2022       | 29 Oct 2022               | 20  | 29 Oct 2022                  |
| Sprint-2 | 20                 | 6 Days   | 31 Oct 2022       | 05 Nov 2022               |   |                              |
| Sprint-3 | 20                 | 6 Days   | 07 Nov 2022       | 12 Nov 2022               |   |                              |
| Sprint-4 | 20                 | 6 Days   | 14 Nov 2022       | 19 Nov 2022               |   |                              |
|          |                    |          |                   |                           |   |                              |
|          |                    |          |                   |                           |   |                              |
|          |                    |          |                   |                           |   |                              |
|          |                    |          |                   |                           |   |                              |

#### Velocity:

Imagine we have a 10-day sprint duration, and the velocity of the team is 20 (points per sprint). Let's calculate the team's average velocity (AV) per iteration unit (story points per day)

$$AV = \frac{\textit{sprint duration}}{\textit{velocity}} = \frac{20}{10} = 2$$

#### **Burndown Chart:**

A burn down chart is a graphical representation of work left to do versus time. It is often used in agile software development methodologies such as Scrum. However, burn down charts can be applied to any project containing measurable progress over time.
